

LA CONSERVATION CORPS

2010 LUNCHEON CELEBRATION

Each year, the youth of the LA Conservation Corps distribute and plant more than **24,000** trees, remove **1,360,000** square feet of graffiti, recycle **350,000** pounds of materials, rescue **5,000** marine animals at our SEA Lab and lead over **5,000** volunteers in community service projects.

Through this work, our young people are empowered to transform their lives and their communities. Each year, over 100 youth receive high school diplomas through our charter high school and 30,000 learn about environmental issues. Their lives are further enhanced by the Russell Kantor Scholarship Fund, which allows them to expand their futures by attending college or vocational schools. Our Luncheon will celebrate these dedicated young people—for their accomplishments, their perseverance and their futures.

Please join us as we celebrate another year of success

To Benefit the Russell Kantor Scholarship and Education Funds and the LA Conservation Corps Programs

The LA Conservation Corps is the largest nonprofit youth corps in the nation. Founded in 1986, our primary mission is to provide at-risk young adults and school-aged youth with opportunities for success through job skills training, education and work experience with an emphasis on conservation and service projects that benefit the community.

This invitation is 100% recyclable. Made from 100% post-consumer recycled paper and printed with soy-based ink.
